**THE GRANDVIEW PACKAGE** | This traditional craftsman home design contains traffic patterns that encourage family togetherness but also allows for necessary privacy. The plan spreads from the endearing front porch to the spacious home office & library. The enormous great room provides a great entertaining area that gives way to the kitchen & dining room. Upstairs you will enjoy a large bonus room located above the garage as well as 3 bedrooms including the master bedroom that offers a large ensuite and walk in closet that will not disappoint.
