THE FRIDAY HARBOR PACKAGE | Friday Harbor is a home design that is appropriate for a budget friendly build. The main level offers an open floor plan that enhances the feeling of size despite the unconventional shape of this home. The living room has space for standard furnishings and opens into the dining room and kitchen. The covered porch is accessible through the main foyer and serves to enlarge the living space during warmer months. A powder room and a storage closet underneath the stairs add to the practical features of the design. Upstairs offers two bedrooms with ample closet space and easy access to the bathroom. This plan is perfect for a small lot or ADU as a second dwelling on your property.
